- All roads that are run on will be closed to traffic and patrolled by SFPD
- We will have aid stations about every 2 miles (6 total) with electrolyte drink and water, at aid station 3 we will have Tri-Berry Gu available
- The River Greenway Trail (Bike Trail) is open to the public. We cannot close it down to regular pedestrian traffic. We will have plenty of signage and make public address announcements informing the community of the race. We have also sent over 1200 mailers in the neighbors impacted by the race to inform them of the event. Stay alert for other non-race-day users.
