

# 605 Running Company

Transparent - Reliable - Fun

The course laid out below is our USATF certified course that we are proposing to run in 2021. In Sioux Falls we cannot submit our event or announce a route approval until the current year of our event. The process for events is complex and takes time. We are thankful for that and appreciate the work of our partners within the City of Sioux Falls including the Parks and Recreation Department and the Sioux Falls Police Department. So this route is not finalized, but it is our goal to run this race in 2021. As our event comes together we will always be transparent about the process and what it will take to successfully run the Sioux Falls Skedaddle Half Marathon.
